

RAMP GRANTS: HOW TO CREATE A PROPOSAL BUDGET

Once you save a funding proposal, Grants automatically creates an associated budget based on the selected sponsor. You can then fill out the budget and create any additional budgets that are needed. See the [How to Create a Subaward Budget](#) and [How to Create a Cost Share Budget](#) for more information.

To fill out budgets for a proposal

1. On the funding proposal's or component's Budgets tab, click the name of the Sponsor budget.

Name	SmartForm	Date Modified

1 items page

2. Click **Edit Budget**.
3. On the **General Budget Information** page, complete the general information, which includes:
 - Option to enter non-standard F&A cost base and rates
 - Salary cap
 - Inflation rates

Tip: The RAMP budget form allows you the option to automatically inflate general costs (non-personnel costs). See the Facts Sheet on the SRA website for more information about Escalation Factors for Proposal Budgets.

4. When done, click **Continue**.

5. On the **Personnel Cost Definition** page, add internal personnel:

- To view or add personnel on the funding proposal, click the **Go to additional personnel on funding proposal** link.
- To add all personnel from the funding proposal SmartForm to the budget, click **Import Proposal Personnel**. The import function is only available to be used once. If additional project personnel are added after the Import button is clicked, they will need to be added manually (by clicking the "Add" button)
- To add personnel individually, click **Add**, and complete the form. Key personnel must be included in the Project Personnel section of the funding proposal SmartForm in order to be manually added to the budget.
- When done, click **Continue**

- On the **Personnel Costs** page, add effort and the amount of requested salary, by clicking **Show Effort**.
